NOMA Fall Conference
Saturday, October 22, 2011
9:00 a.m. - 12:45 p.m.

St. Benedict Catholic Secondary School
2993 Algonquin Road SUDBURY

Satellite Sites:
Timmins
New Liskeard

KEYNOTE TOPIC: Building Our Content Knowledge Together

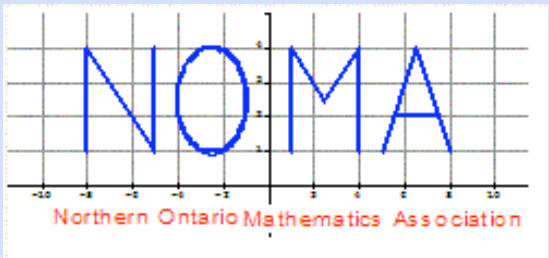

This year's Keynote will model the importance of a cross-division professional learning community as a vehicle for building content knowledge. Local educators representing each division will help participants to think about the continuum of learning and the role that all teachers, K-12, play in the development of mathematical conceptual understanding for the students in our region.

For A Description of Workshop Topics,
please see page 2

Registration Fee (Sudbury):

- RDSB Teachers: Fee covered by RDSB
- SCDSB Teachers: Fee covered by SCDSB, first 30 registrants only
- Other OAME members & Students: $15
- Other Non-OAME members: $25

Registration Fee (Satellite sites): TBA

For Registration Information, please see page 3

Workshop Sessions

NOMA is proud to have the support of local presenters, each of whom shares expertise in K-12 Mathematics with our region. Participants will have the opportunity to choose two hour-long workshop sessions, with options spanning all divisions and a variety of areas of interest.

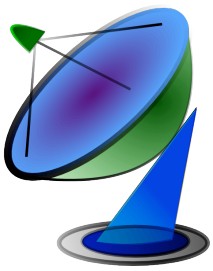

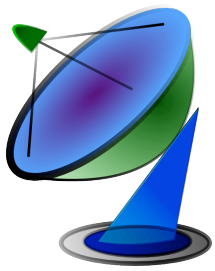

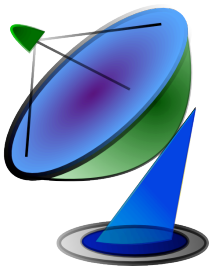

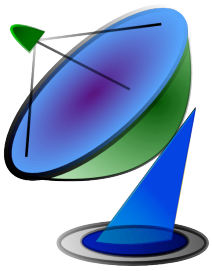

Topics include: planning, use of technology, supporting struggling students, developing mental math skills, assessment for learning

MAKING CONNECTIONS: NOMA CONFERENCE SATELLITE SITES

As educators, we are always looking for ways to collaborate, in order to best meet the needs of our students. One of the challenges of living and working in the North is that we often have to travel a great distance to gather as colleagues. NOMA is looking at strategies to bring our region together, using a combination of face-to-face and distance sessions. This year's half day fall conference features a Keynote and your choice of two workshops which are designed to meet the needs of all educators, K-12. We currently have two confirmed satellite sites in Timmins and New Liskeard and are hoping to have a third site.

If you plan to attend a satellite site, you will view the Keynote as a broadcast, and then participate in one or two live sessions, led by math facilitators from that location. Sessions and details will vary by location. Please watch for a flyer for your satellite site.

Note that Satellite Site registrations will be arranged locally. See your site flyer for details about registration and fees.

If you would like to register for this half day Conference, please visit www.oame.on.ca and click on to register and select workshops.

Mathematics Conference Information System

Registration Fee (Sudbury):

RDSB Teachers: Fee covered by RDSB

SCDSB Teachers: Fee covered by SCDSB, first 30 registrants only
